24 HOURS TO LIVE

ROB CORDDRY

THE *DAILY SHOW* ALUM AND *HOT TUB TIME MACHINE* STAR GETS DEEP ON HIS FINAL DAY

Got any deathbed confessions?
I'm bald.

Will you be going to heaven or hell?
Heaven and hell are antediluvian ideas. They defy reason and are speculative. That said, when I die I shall rest a fortnight in the cloud forest of Veeva until the Temporal Spectre of Assides takes me to the Realm of White on his Time-Toboggan. Duh.

Have you ever had any interesting hot tub experiences?

For me the anticipation of relaxing in a hot tub always outshines the reality. A lot of weird microscopic shit can live in 104-degree water.

Would you count drinking Red Bull 'n' vodka in a hot tub with John Cusack among your top achievements?
When I saw *Say Anything...* I remember thinking, Man, how much would I like to suck down an energy drink while soaking in a tub with that dude? I'm living the dream! Oh, and I would also like to date-rape Russell Crowe.

What's your last meal?
A hot dog from Gray's Papaya in Manhattan and a **Far Niente cabernet.**

Out of all the comics you've worked with, which one would you most like to take with you beyond the grave?
Can we create a Craig Robinson-Zach Galifianakis Frankenstein monster? How

handsome would that guy be?

What woman did you always want to sleep with?

I'd love to be able to sleep with my wife, always. I really, really like her. And I would love to go on a serial Keira Knightley, Jessica Biel, Kate Beckinsale boning spree. By the way, in retrospect, would it have killed my first girlfriend, Mary, to give it up? Sorry, Mary. Good seeing you last summer. Love to Geoff and the kids!

What are people saying over your casket?

"Where we going after?"

Hot Tub Time Machine hits theaters March 19.
