FAR NIENTE CAVE COLLECTION VERTICAL

One of the first collections to sell out each season, a six-vintage vertical of our Far Niente Cave Collection Cabernet Sauvignon is our most precious wine gift. Cellared in ideal conditions from barrel to bottle, we intentionally hold back a small portion of each Far Niente Cabernet vintage and allow for extended aging. Sealed with a black-banded Cave Collection capsule and presented in a hand-stained wood box, we release a limited number of these library verticals each year. Available exclusively from the winery, and only until the annual allocation sells out.

THE HERITAGE COLLECTION

When you look at the heritage of Far Niente Wine Estates, the three pillars that began this journey are Far Niente, Nickel & Nickel, and Dolce. We wanted to create a collection that showed our roots and where we come from. It is a collection that is exceptional and treasured, which is how we feel about the V Foundation. And in honor of our long-standing partnership with the V Foundation for Cancer Research, Far Niente will donate a portion of the proceeds to the V Foundation for every Heritage Collection sold.
